How we use your data

To provide our services, we need to collect and use information about individuals such as their name and contact details, as well as special categories of personal data (e.g. about their health information) and information about criminal convictions and offences. The purposes for which we use personal data may include arranging insurance cover, handling claims, for crime prevention. More information about our use of personal data is provided in the Marsh Privacy Notice at <https://www.marsh.com/uk/privacy-notice.html> or in hard copy on request by emailing or writing to Data Protection Officer, Marsh Ltd, Tower Place, London EC3R 5BU or dataprotection@marsh.com.

Providing the services may involve the disclosure of personal data to third parties such as insurers, reinsurers, loss adjusters, premium finance providers, sub-contractors, our affiliates and to certain regulatory bodies who may require your information themselves for the purposes described in the Marsh Privacy Notice.

Depending on the circumstances, the use of personal data described in this notice may involve a transfer of data to countries outside the UK and the European Economic Area that have less robust data protection laws. Any such transfer will be done with appropriate safeguards in place.

In some circumstances, we (and other insurance market participants) may need to collect and use special categories of personal data (e.g. health information) and/or information relating to criminal convictions and offences. Generally, we are able to do this because it is necessary for the insurance activities that we undertake or for fraud prevention purposes.

Where you are providing us with information about a person other than yourself, you agree to notify them of our use of their personal data and, if requested by us, obtain their consent to our use of any special categories of personal data such as health information and information relating to criminal convictions and offences (e.g. by requiring the individual to sign a consent form).
