Introduction

Preparing for the 2020/21 Season

Although we don't know when the 2020/21 season will start, referees can do the following things on COMET to prepare for the new season:

- Make sure you know your COMET log in details;
- Check and update your personal details on your COMET profile, including adding your next of kin contact details;
- From 22nd June, register on the COMET system.

Referee Registrations

- Referee registrations are annual and expire at the end of the season, on 31st May.
- If you were registered on the COMET system in the 2019/20 season, you will have received an email telling you
 that your registration had expired on 31st May.
- All referees who want to officiate in Wales during the 2020/21 season must register on the COMET system.
- Referee Registration costs £30, reduced to £20 if purchased by no later than 31st July 2020.
- Your Referee Registration fee includes personal accident insurance.

Competitions on COMET

- All adult, youth, academy and girls' football matches will be recorded on COMET for the 2020/21 season.
- This means that for all of the above matches, referees will:
 - accept or decline match appointments via the COMET system;
 - be able to indicate when they are available or unavailable to officiate by marking this on COMET;
 - receive team line ups electronically via COMET (instead of paper copies);
 - submit match reports (including any misconduct information) via COMET.
- This will be covered in detail in a further webinar to take place in July.
- If a referee is not registered on COMET, it is not possible to appoint them to a match on the COMET system.
